

- Waggoner Engineering updated the Board of Supervisors on the following projects:

Reunion Parkway, Phase 2: From Bozeman Road to Parkway East with a Bridge over the Interstate:

- The county is updating the environmental reports associated with the project. Updating the environmental reports is the final step before all the necessary documents are submitted to the Mississippi Department of Transportation for review and approval.
- The County anticipates advertising for construction by March 31, 2023.

Broadband Project: Northwestern Madison County:

- Comcast has started a constructability review, completing almost 2/3 of the area and spending approximately \$535,000 of their own funds to do so.
- Comcast will work with the County to apply for a \$22mm Reconnect grant to help fund the deployment of broadband.

West Madison County Wastewater Needs:

- A comprehensive analysis has been completed regarding treatment facility issues.
- They are working with Central Mississippi Planning and Development District (CMPDD) to secure funds through a Community Development Block Grant (CDBG) to help fund the project.
- If awarded, the funds could be used as a match for \$10mm approved by DEQ and the Army Corps of Engineers to increase the scope of the project.

West Bear Creek Watershed Project:

- They have begun working on this project through the Natural Resources Conservation Service (NRCS).
- Two public meetings will be scheduled to discuss the scope and objectives of this project.

Emergency Watershed Project in Canton:

- The Natural Resources Conservation Service (NRSC) has completed a site visit and is funding work on Semmes Street, Jackson Street and Cisne Avenue at a value of \$217,000.
